BEFORE YOU BEGIN

This blanket uses two different design pieces that are labeled HEART and DIAMOND.

The Popcorn Stitch (PS) is made by placing 4 single crochets into the same stitch. Remove your crochet hook from the fourth stitch leaving a loop. Place the hook in the first of the four single crochets, grab loop from fourth single crochet and pull through. After Row 1 the chain stitch at the end of each row is used only to advance to the next row. Do not place a single crochet or a popcorn stitch in the chain stitch or the base of the turning stitch. Each Row begins in the 3rd stitch - chain stitch is #1, last single crochet in previous row is #2 and becomes the turning stitch, the next single crochet stitch is where the first stitch for the new Row is placed. DESIGN

How To

These pictures provide a stitch-by-stitch visual for turning rows and making the popcorn stitches.

Row 1: Begin with a chain stitch (see pattern for proper number of stitches). These patterns call for placing your first single crochet in the 3rd stitch from your hook

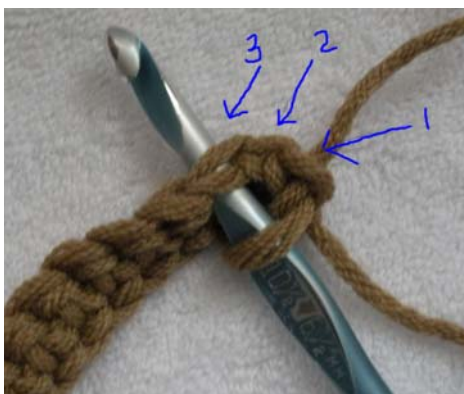

Continue the single crochet in each stitch to end (see pattern for proper number of stitches).

Shows the completed row without the chain stitch on the end. . . . chain 1 and turn your work over for Row 2.

ROW 2:
You will place your first popcorn stitch in the 3rd stitch from the hook. The chain stitch is stitch 1 for this row.

These popcorn stitches are made by placing 4 single crochets in the 3rd stitch from hook.

The popcorn needs to recede to the back of your work. Take the hook out of the loop and insert it from the back to front. Insert hook into loop and pull through.

Place one single crochet in next stitch

followed by another popcorn stitch

Continue to end.

The following pictures show the end of the row.

The final popcorn should be in the 3rd stitch from the end.

Single crochet in the final two stitches.

Chain 1 at the end of each row and turn your work over to begin Row 3.

ROW 3: Place a single crochet in the 3rd stitch from hook and continue single crochets in each stitch to end.

The completed Row 3 should look like the picture below.

Chain 1, then turn and continue . . . until done.
