“Spiral Shell” Crochet Basket

You will need:

- Light Bulky yarn which holds the shape well.
- Crochet hook 5mm, US- 8/H size (or other size, suitable for your yarn)
- Stitch markers.

Stitches used in this tutorial:

- Chain stitch (Ch)
- Slip stitch (Slst)
- Single crochet (Sc)-back loop.
- Single crochet (Sc)-both loops.

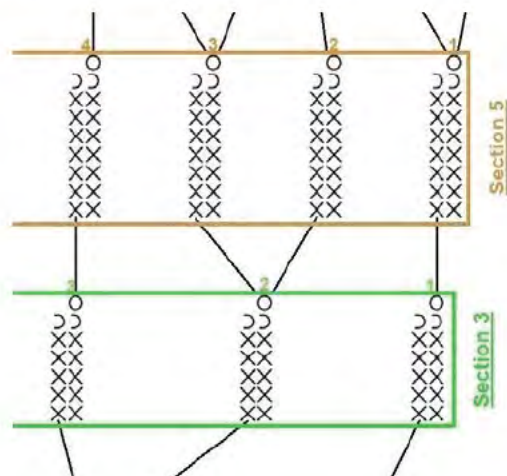

Spiral shell is made of 3 parts:

- 1) “Shell Tip” (made of 2 rounds). (Diagram 1)
- 2) “Spiral part” (made of 9 sections). (Diagram 1)
- 3) “Upper part” (Diagram 2 and 3.)

“Spiral part” (divided into 9 sections) and

“Upper part” are made with pairs of rows (into back loop)

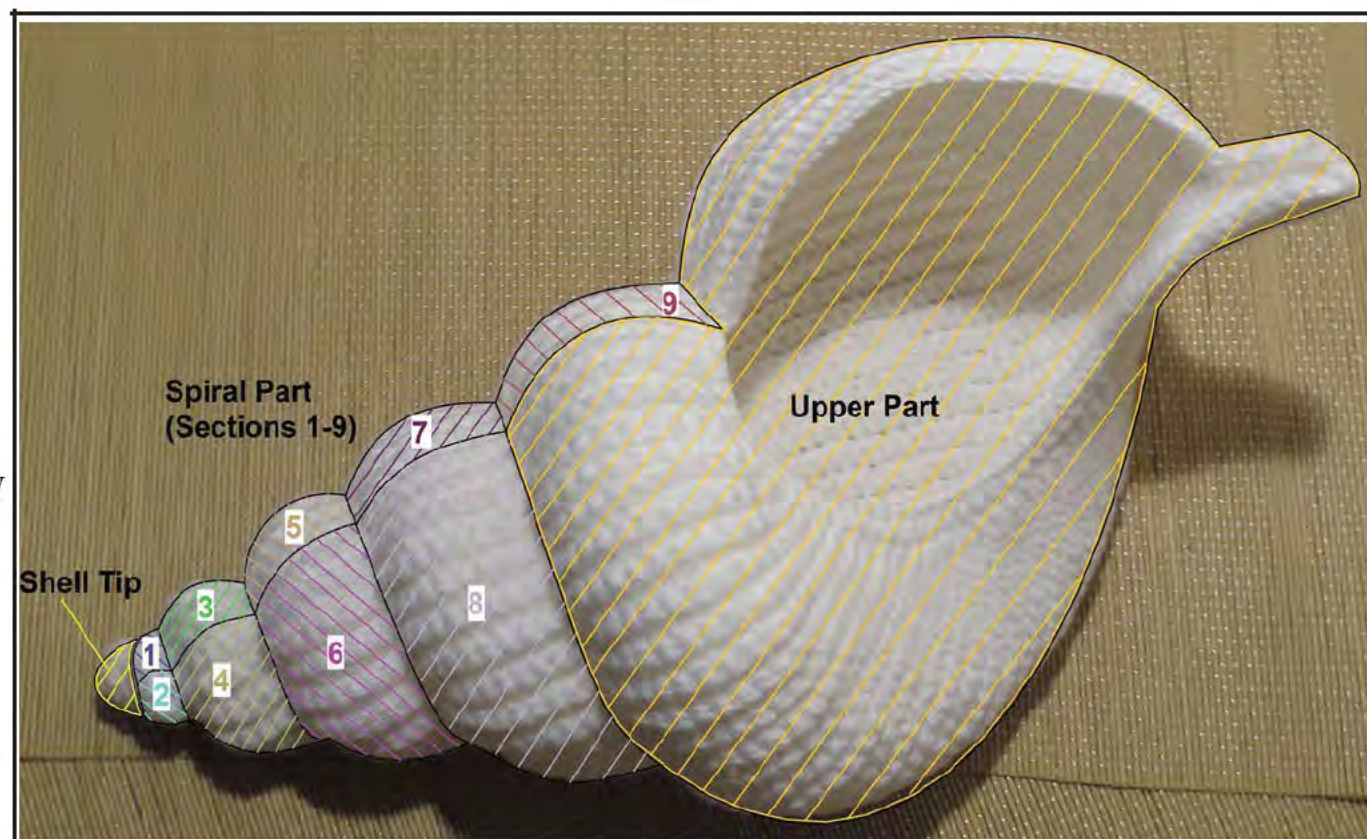

Each pair is made of odd and even row. The last stitch of the odd row is called a “top stitch” or top loop”, this is where further pair (pairs) of rows will be connected. (See example)

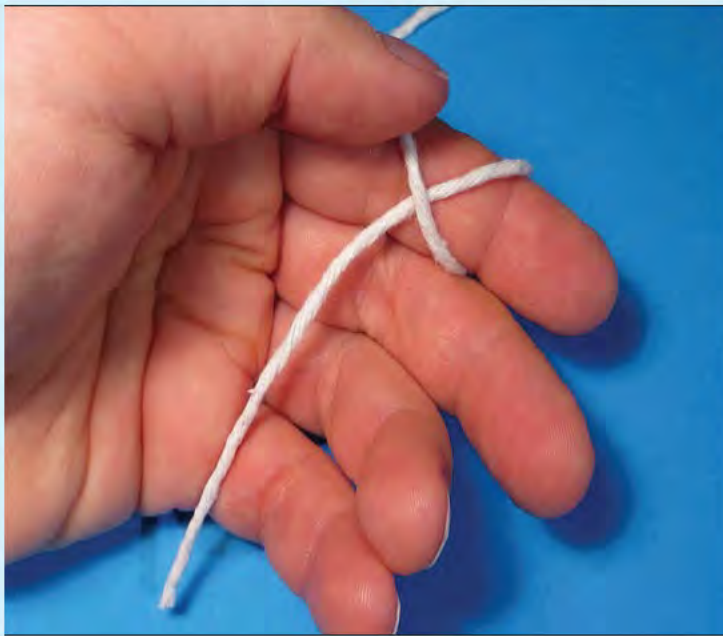

e.g. : Pair 1 of section 5 is connected into into 1st top loop of section 3.

Pair 2 of section 5 is connected into 2nd top loop of section 3.

Pair 3 of Section 5 is connected into 2nd top loop of section 3; etc.

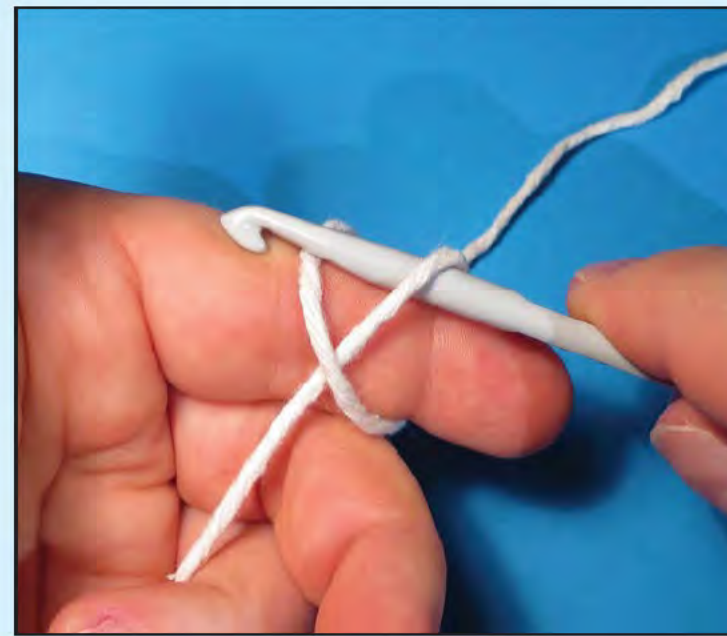

Sections 1 and 2 are connected into the 7 stitches of the “Shell Tip”;
 Section 4 connected into top stitches of Section 2;
 Section 5 connected into top stitches of Section 3;
 Section 6 connected into top stitches of Section 4;
 Section 7 connected into top stitches of Section 5;
 Section 8 connected into top stitches of Section 6;
 Section 9 connected into top stitches of Section 7;
 Upper part is connected into top stitches of Sections 8 and 9.

Step-1

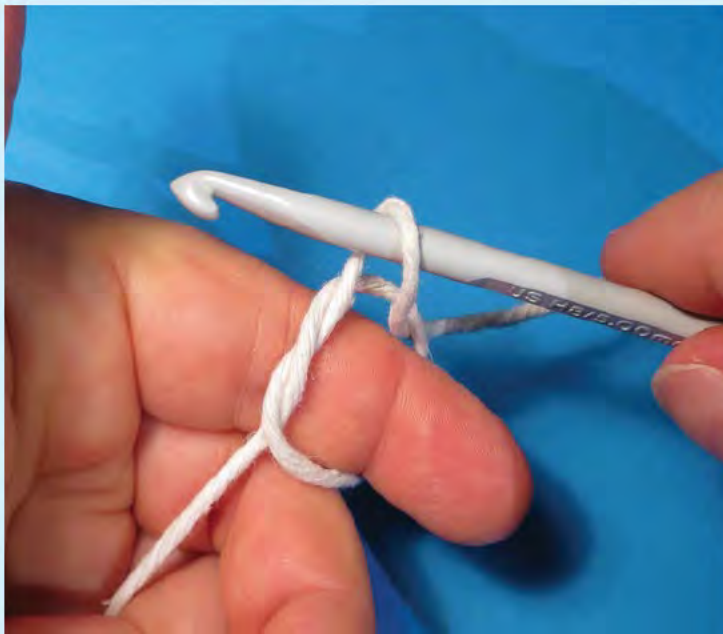

Start with a magic circle:

Rap the yarn around your index finger;

Step-2

Insert the hook under the loop and grab the working yarn;

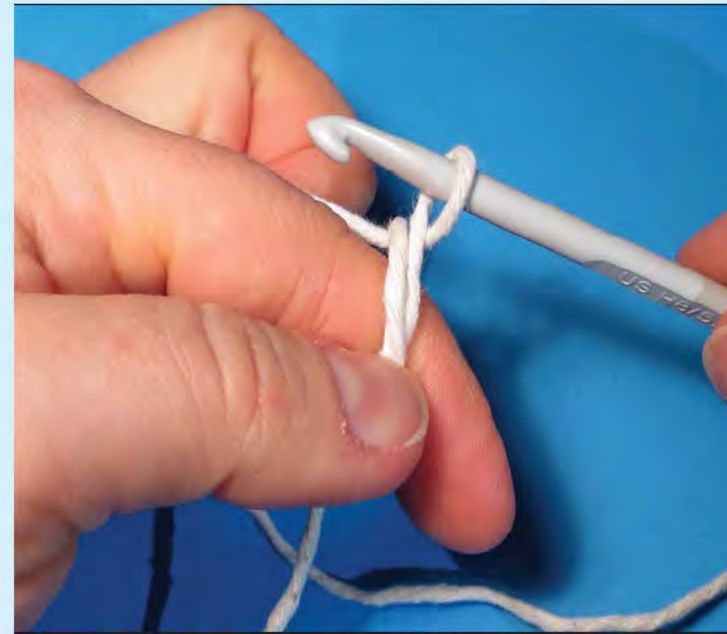

Step-3

Hold the loop with thumb and index finger.

Hold the working yarn with your other fingers.

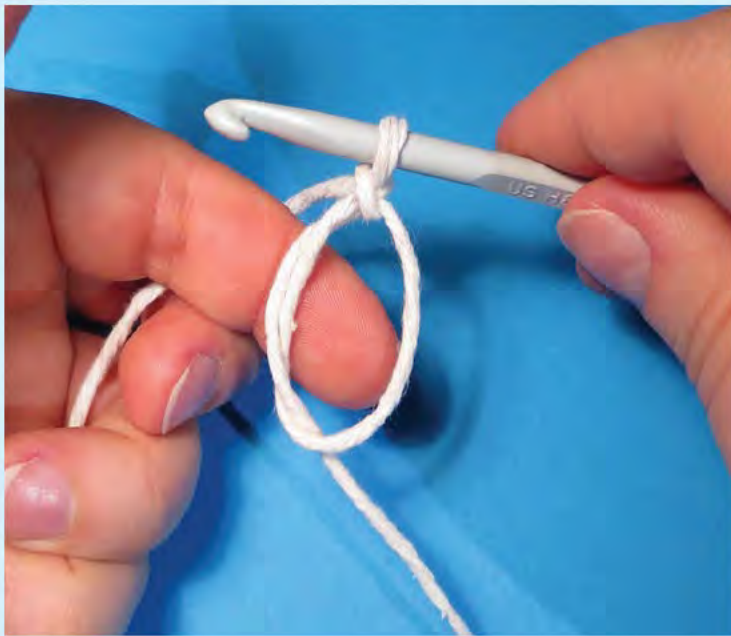

(as on image in Step-4)

Step-4

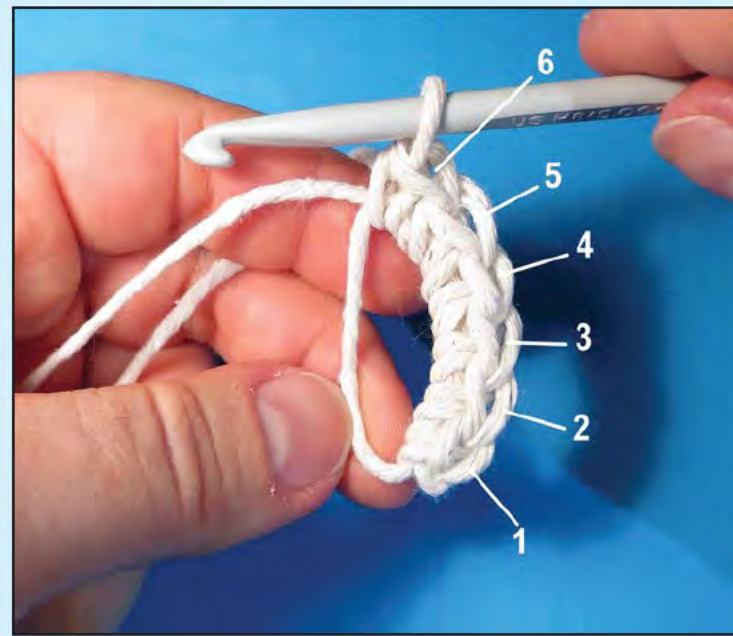

Make 1Ch:
insert the hook under the working yarn, grab it and pull it through the loop on your hook.

Shell Tip

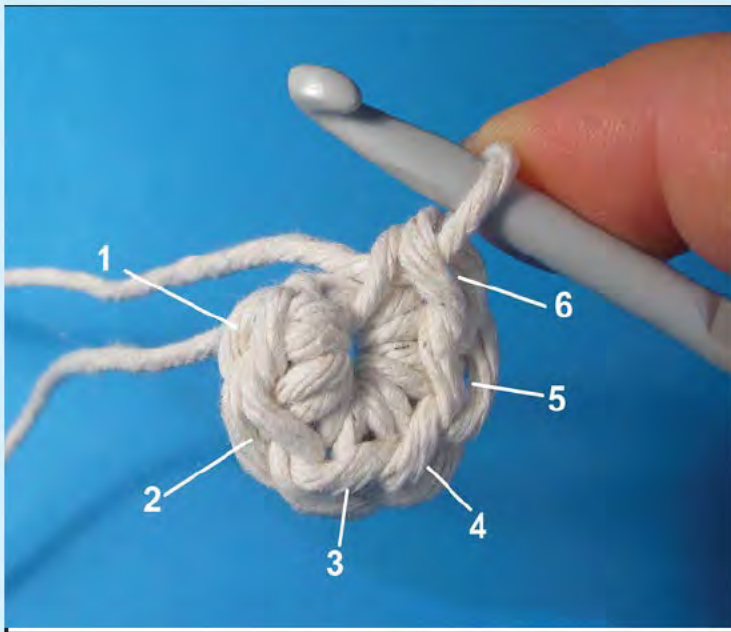

Step-5

We've made a magic circle.

Step-6

Shell tip:
Make 6Sc inside the magic circle.

Step-7

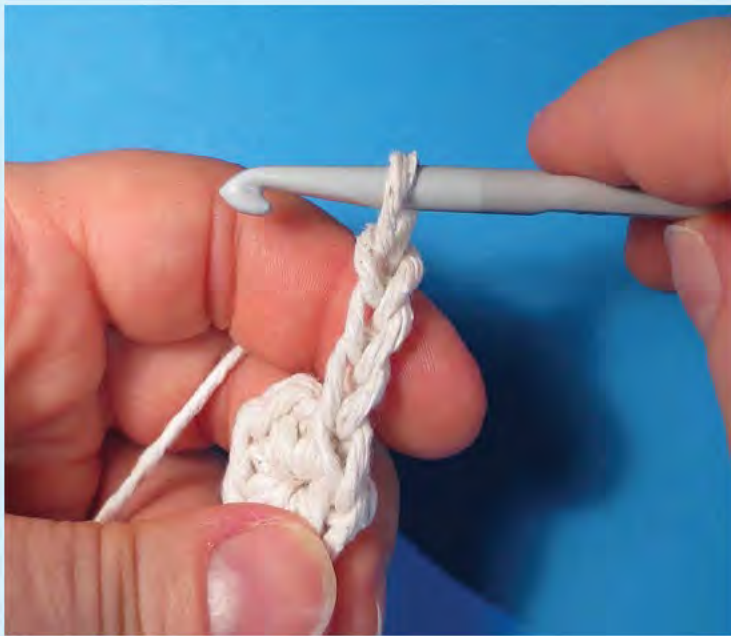

Pull the yarn end to tighten the magic circle.

Step-8

Then make 1Slst into the 1st (first) Sc. (Also see image in Step-7). We have 6 loops around the circle.

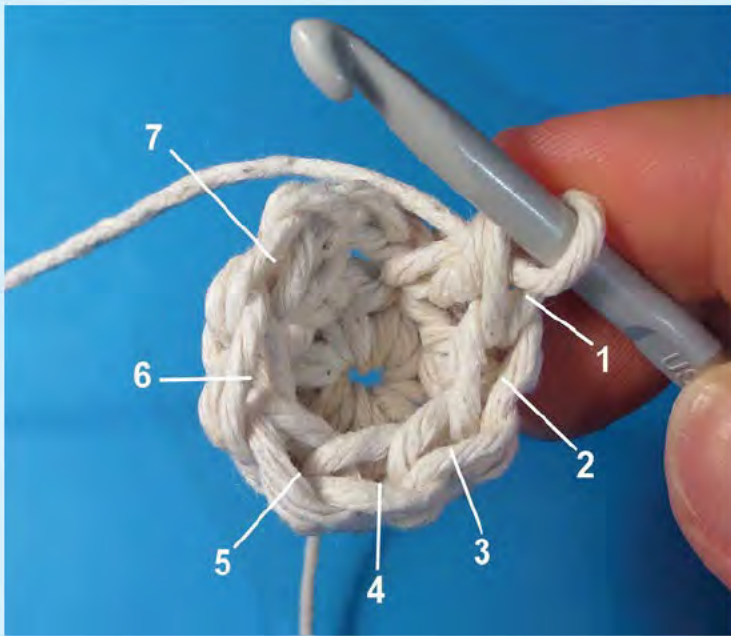

Shell Tip

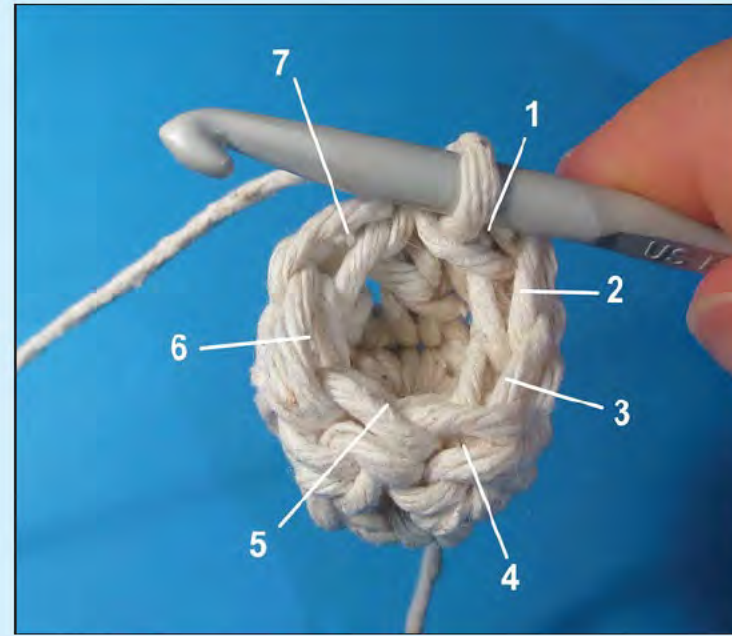

Step-9
Make 3Ch;

Step-10
Then make 1Dc into the 1st stitch of the circle;

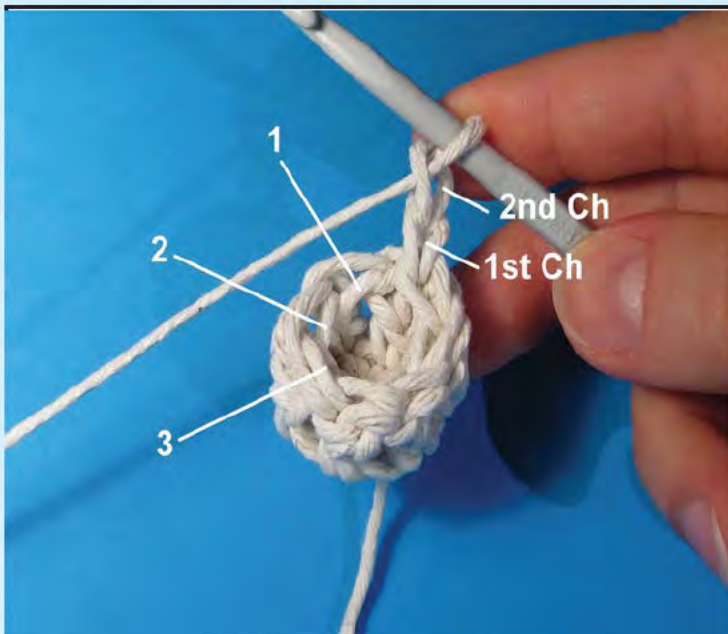

Step-11
Then make 5Dc into remaining 5 stitches of the circle.
Count 7 stitches from the hook;

Step-12
and make 1Slst into it.
We've made the top of the shell with 7 stitches around it.
Next we will crochet with pairs of rows (into back loop) and connect them to the shell top (both loops).

Spiral Shell (Written Pattern)

Spiral shell is made of 3 parts:

- 1) "Shell Tip" (made of 2 rounds). (Diagram 1)
- 2) "Spiral part" (made of 9 sections). (Diagram 1)
- 3) "Upper part" (Diagram 2 and 3.)

"Shell Tip":

Make a magic circle;

Round 1: 6Sc inside magic circle, close the round with 1Slst.

Round 2: 3Ch; 6Dc; count 7 stitches from the hook and make 1Slst into it.

Tip of the shell is complete, please make sure it has 7 stitches around the edge.

"Spiral part":

The Spiral Part is made of 9 sections. Each section is made of pairs of rows into back loop), which are connected into the top (loops) stitches of previous section.

The number of stitches is increased with every pair of Section 1; and then in the odd row of Pair 1 of each subsequent section by making 1Slst into the Chain stitch (Ch) of the previous pair.

PLEASE NOTE:

In order to make a natural twirl, in the same direction as on natural shells,

pairs of rows should be connected to the top stitches:

- FROM INSIDE THE SHELL, if you are RIGHT HANDED
- FROM OUTSIDE THE SHELL, if you are LEFT HANDED

Sections 1 and 2 are connected into the 7 stitches of the "Shell Tip";

Section 4 connected into top stitches of Section 2;

Section 6 connected into top stitches of Section 4;

Section 7 connected into top stitches of Section 5;

Section 8 connected into top stitches of Section 6;
